ACTION PHOTOGRAPHY will be provided by Woods Studio for each routine during competition. During the action photos Woods Studio concentrates on individual dancers not large groups. Some photographs will be of the a group, but the majority of images will be of individuals and small groupings of dancers. Woods Studio does not guarantee who will be photographed. It is not possible to ensure each dancer in each routine is photographed.

TEAM AND SOLO PORTRAIT PHOTOGRAPHY will be provided by Woods Studio throughout the day during competition and awards. Portraits will be taken backstage prior to going on the floor to perform. Portraits during awards will be taken backstage immediately after receiving an award.

IDTA STATE ACTION AND PORTRAIT PHOTOGRAPHY

NEW THIS YEAR!! - PREORDER ONLY

DIRECT DOWNLOAD OPEN ACCESS of all photos of one routine for **ONLY \$99** (reg. \$199) per routine.

Pay one time and everyone gets access to free downloads of that one routine.

This includes the team portraits for that routine.

This pre-order option is only available until February 13, 2025

Woods Studio has proudly provided action and portrait photography at the IDTA State Competition for the past 8 years. With over 40,000 photos taken at last year's event, we know it can be challenging to choose which photos to purchase. Unfortunately, many incredible moments go unpurchased for a variety of reasons. We make efforts each year to improve our online ordering system to help dancers, parents, and coaches navigate to their photographs.

This year, we're excited to offer a new opportunity: Direct Download Open Access. For just \$99 per routine, your team or an individual can pre-order open access to download any or all the photos from a single routine. This unlocks instant download access for that one routine for everyone. This means **everyone can enjoy unlimited access to the photos from that routine**—capturing every moment, big and small. The files will be compatible with digital devices and can be used to print photos up to 8x10 inches in size.

You can also choose to pre-order this option for as many routines as you like, ensuring you never miss out on your favorite memories from the event.

With the number of teams and dancers—large and small—it is impossible to determine exactly how many photos will be taken of each routine. Additionally, due to the time limits for each routine, it can be challenging to ensure that every dancer, especially on larger teams, is individually photographed.

That said, we strive to capture as many photos as possible within the allotted time. Based on an assessment of last year's event, the number of photos per routine ranged from 50 to over 200, depending on the size of the team.

We hope you take advantage of this opportunity, ensuring that all dancers, regardless of financial circumstances, have the chance to enjoy their photos.
